BRAKE PADS AND CALIPERS

RPB2024-0001UK

Release date: February 2024

Comments: All given list prices are subject to future change.

Dear RAVO Dealer,

After a period of backorders we hereby inform you that the brake pads and brake calipers are available in our webshop again and ready to be shipped. (From February 9th).

The brake pads are updated, approved and suitable for RAVO 540 and RAVO 560. We will deliver the calipers from now on without the brake pads.

We have chosen to deliver the brake calipers without brake pads, so you are more flexible with replacing only a left or right caliper. Of course you need to replace the brake pads always on both sides.
